

Dear
Sir/Madam

We feel immense pleasure to inform you that our college is going to organize A Two Day National Seminar on the topic **"The Future Examination Systems: Technological Advancements and Inclusive Education"** on date 18th-19th April 2025 (Friday & Saturday).

We cordially invite you and the faculty members of your Dept. and College to participate and share your views on the coming forth Seminar to uplift society in general and Teacher Education in particular. We are really looking forward to learning from you and enjoying gifted endowments from your benign presence and expertise in our quest for excellence.

Preamble

In the modern era, education is about acquiring knowledge and fostering a student's overall development, including life skills, creativity and emotional intelligence. The traditional examination system, which often focuses on rote memorization, fails to address students' diverse capabilities. We need to reform assessment practices to create a more inclusive and holistic education system. Introducing continuous evaluation, project-based learning, qualitative assessments, and online exams reflects the need for dynamic evaluation that supports intellectual, emotional, and social growth. The goal should be to nurture critical thinking, problem-solving, collaboration, and all-rounded personality, preparing students for real-life challenges. This seminar, "Assessment and Examination System in Education: A Step Towards Holistic Development," explores how reformed evaluation systems can foster a more comprehensive growth environment, empowering students to perform well in exams and thrive in all aspects of life.

Vision

To Transform Assessment systems in to learner-centered models that promote academic knowledge, critical thinking, creativity, and emotional intelligence for holistic development of Student.

Aim

To Evolve Evaluation methods that foster all-round growth in students, focusing on practical learning, problem-solving, and

Sub-Theme

About the College

The Institute, Tarkeswar Narain Agrawal College of Education has been established in Harigaon Village in the District of Bhojpur (Bihar) just about 14 km from Ara, the headquarters of Bhojpur District . Harigaon is now a historical village because the ancestors of the former Prime Minister of Mauritius and the present Prime Minister Hon'ble Naveen Chandra Ramgulum went to Mauritius more than 100 years ago. This institute is situated on the Ara- Mohania National Highway. The objective of the Institute is to produce competent trained teachers for secondary schools to meet the urgent need of efficiently trained teachers, particularly in Bihar which is facing an acute shortage of trained teachers, by imparting quality teacher training by the guidelines of the National Council for Teacher Education. Tarkeshwar Narain Agrawal College of Education contributes to the welfare of society for successfully running the courses Bachelor of Education (B.Ed.), Diploma in Elementary Education (D. El. Ed.), MA in Education, BBA & BCA. To achieve this , the Institute has taken plans to appoint teachers who are well-versed in the field of education. For proper training, adequate infrastructure and a proper environment are prerequisites that the Institute has tried and will try, its best to provide. The Institute aims not just at providing education to students but also inculcating all those moral values that will go to making the ideal citizens of our Republic.

Historical background of Ara

Ara is a city located in the Bhojpur district of Bihar, India, with a rich historical background. It is believed to have been founded during the Maurya Empire, with references to the area found in ancient Indian texts. Ara played an important role in various historical periods, particularly during the Mughal era when it became a key administrative and military center. In the medieval period, Ara was a part of

several Muslim Sultanates and later the Mughal Empire. It was a significant town under Mughal rule, known for its strategic importance in the region. The city is also notable for its involvement in the Indian Rebellion of 1857, where it became a focal point of resistance against British colonial rule. Local leaders and fighters from Ara participated in the uprising, contributing to the larger movement for India's independence. In modern times, Ara has developed into a commercial and educational hub in Bihar. Its economy is primarily agriculture-based, but industries have also seen growth. The city continues to be culturally significant, with a blend of historical influences shaping its identity today

**Submission of Abstract and
Full-Length Paper**

Abstract submission starts From :

01st- March 2025

Last date of Abstract submission:

25th-March 2025

Declaration of Acceptance of Abstract:

30th- March 2025

Full-length Article submission:

10th-April 2025

Call for Abstract

Researchers are invited to submit original research aligned with the seminar's "Key themes/Sub-themes."

Abstract Submission Guidelines:

Abstracts must be submitted as a PDF document, The abstract should include the Title of the Research, Author(s) details, Including Names and Affiliations, Presenting Author's Name and Email ID, and Abstract (limited to 250 words). Key Words, Font Size: in English Times New Roman Font Size: 12 pt, in Hindi Kruti Dev, Kokila, Mangal Font size 16, Line Spacing: Single

Mode of Presentation shall be intimated after acceptance of the Abstract.
